Gourmet Basket hampers are accessible via a voucher code redeemed through the Nielsen Television Ratings website or by calling our support team. Once you have received your hamper code from Nielsen you will be able to access the dedicated Gourmet Basket website, exclusive to Nielsen Television Audience Measurement panel members, and select your own gift in the relevant colour category, as demonstrated below. You then have the freedom to have it delivered anywhere in Australia for no extra charge.
If you are redeeming on the website look out for the Gourmet Basket tag on the voucher image, these items will purchase a Hamper voucher. Our eGift Card logos do not have the Gourmet Basket tag on them.
